Jan Sunwai in Kolkata: NCW extends its support to women in Kolkata

The National Commission for Women (NCW) has initiated a Jan Sunwai (public hearing) in Kolkata from 11th to 13th December at the National Library of India. This critical initiative, led by NCW Member Archana Majumdar, is focused on addressing grievances related to women's rights in a time-bound manner.

The Jan Sunwai brings together the district administration, police officials, and other concerned departments to expedite the resolution of complaints. Both new cases and pending complaints are being taken up during the hearing to ensure justice for the aggrieved women.

This public hearing reflects NCW's commitment to providing a direct platform for women to voice their concerns and seek redressal and prompt action from the authorities involved.
